### Math News:

We are interpreting data using bar graphs, pictographs, tally charts, and line plots. Please refer to your child's Math Journal for examples of these items.

# Bar Graph

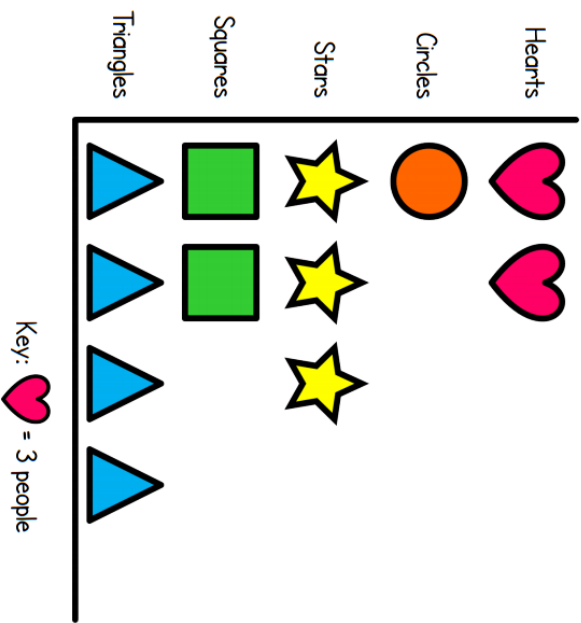

Students' Favorite Colors

A **bar graph** is used to compare data.

# Pictograph

Students' Favorite Shapes

A **pictograph** is a way to show data using images.

# Frequency Table

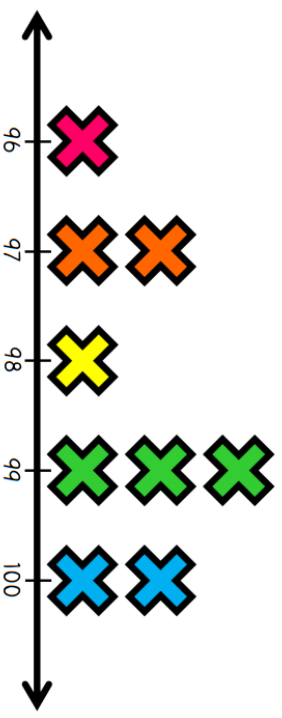

Favorite Colors of the Class

| Color  | Tally Marks          | Freq. |
|--------|----------------------|-------|
| red    |                      | 2     |
| orange | <br>                 | 8     |
| yellow | <br>    <br>    <br> | 12    |
| green  | <br>    <br>         | 4     |
| blue   | <br>                 | 7     |

A **frequency table** is used to organize and interpret data.

# Line Plot

Test Scores

A **line plot** is used to show the frequency of data on a number line.
